### PROFESSIONAL SUMMARY

I am a MERN stack web developer with a strong passion for coding and a desire to constantly learn new technologies. Seeking a role in a product-based company where I can contribute to scaling the business to new heights.

### SKILLS AND FRAMEWORKS

HTML | CSS | JavaScript | Node JS | MongoDB | ExpressJS | React | Redux | Cypress | TypeScript | NextJS | Canvas 2D

### SOFT SKILLS

Time Management | Critical Thinking | Deadline centric

### PROFESSIONAL EXPERIENCE

#### Internship at Masai Labs

(Project Developer) FEB 2023- APR 2023

- Acquired professional web development skills.
- Successfully developed two projects.

#### Teleperformance, Kolkata

(Customer Support) SEP 2017 - JAN 2020

- Handling customer queries in an inbound process.

### INTERESTS

Current Affairs | Technologies | Geopolitics | Movies | Music

### PROJECTS

#### CertiDigital

Internship at Masai Labs ( FEB 2023 - MAR 2023 )

Masai School used to create certificates manually with google sheets, taking a lot of time. We created a website to help them create and send certificates in bulk via email.

##### Features :

- Complete user authentication by email verification
- Adding fields to templates using Canvas 2D.
- Sending Mails in bulk to each student using Bull queue.

Tech Stack: React, Redux, Ant Design, Node, Express, JWT, Redis, MongoDB, Winston logger

##### Areas of responsibility:

- Implemented the Canvas 2D in the templates.
- CRUD operations on templates.
- Implemented complete User Authentication in Frontend.
- UI for continuous display of Bull queue emails created.
- Templates and Batch details page.

#### Masai Placement Portal

Internship at Masai Labs ( MAR 2023 - APR 2023 )

A web application for posting company and position details for Masai students to apply.

##### Features :

- Complete user authentication by email verification
- CRUD operation on companies and positions
- Build PRD, HLD, WireFrames and Coding Practices

Tech Stack: React, Redux, Ant Design, Node, Express, JWT, Redis, MongoDB, Swagger, Sentry, Winston logger

##### Areas of responsibility:

- Designed Project Requirement Document ( PRD )
- Implemented complete User Authentication in Frontend
- Designed the Welcome page from scratch using my creativity
- Created dynamic Navbar, Footer and Avatar UI elements
- Created Error Page and Position Details Page

#### Clone of Boat LifeStyle

A web application to purchase Electronic products.

##### Features & Areas of Responsibility:

- User authentication
- Add to Cart and delete from cart functionality
- Smooth User Interface
- Cart And Login Popup functionality

Tech Stack: React | Redux | CSS

An Individual project built in 7 days.
